Dear Allen:

On behalf of the Hunter College High School PTA, we write to thank Schleppers Moving for donating moving services to our school in November and facilitating the delivery of the 14 ping pong tables to NYC public schools, including ours, last week. With your help, we were able to accept three ping pong tables that had been donated to Hunter. Many thanks especially to Felicia Diaram-Baksh for her assistance.

Our students are thrilled to have the tables and are now planning their first school-wide table tennis tournament.

Sincerely,

Paul Radvany
