Dear Jason:

All of us at the March of Dimes want to extend our deepest gratitude to you and the Shleppers team for the exceptional job done with the logistical set up, breakdown and route coordination for the **2009 March for Babies walk** held on Sunday, April 26<sup>th</sup>, 2009 at Saxon Woods Pool in White Plains, NY. All logistics were handled in an orderly, timely and effective manner. The set up and breakdown of the Saxon Woods Pool start and end points were done quicker and more efficiently than ever in my 10 years with the March of Dimes. In addition, The checkpoints along the walk route, (the route is 7 miles long), were set up and broken down efficiently and in accordance with WECA's (Westchester Emergency Communication Association) and with the White Plains Police Department's safety instructions. All went extremely smoothly. The site was broken down and all supplies were back to our office earlier than in recent memory. Crew Chief Harry Laureano was the perfect leader and manager and his staff worked diligently to get tasks completed.

Again, many thanks go out to you, Allen, Harry and the entire Shleppers team for a job well done and for helping the March of Dimes in its mission to prevent birth defects, premature birth and infant mortality. The donation of services truly helps us come closer to achieving this mission.

Sincerely yours,

Annette Trotta,  
Executive Director
